A Gift Guide Inspired by Every Wild Side

For generations, a visit to the zoo often ended with a keepsake from the gift shop, a small way to take the day's memories home.

Today, shopping at the Mandai Wildlife Reserve has grown far more than your typical souvenir run. Inspired by the destination's Imagine Wilder campaign, which invites people to discover new ways of connecting with wildlife and nature, the range now spans exclusive collaborations, designer-led creations, collectibles and lifestyle pieces – designed to keep the connection going beyond a visit.

Created with local creatives, global brands and like-minded partners, these collections bring a touch of the wildlife and nature destination into the things we wear, use, gift and live with.

WILDLY CURATED celebrates these unexpected finds, from exclusive collaborations and locally designed pieces to thoughtful keepsakes inspired by the destination.
