

# Communication Boards

Created in collaboration with

**ST. ANDREW'S  
AUTISM CENTRE**

## How might I use this resource?

These communication boards have been designed to help people with communication difficulties to communicate with others during their visit to River Wonders.

You may print them out and use them as a communication tool, or use them in addition to a personal Augmentative and Alternative Communication (AAC) system. You may also use them as a guide for the types of words to add to a personal AAC device before your visit.

There are 2 levels available – basic and advanced.
